

BASICS Scotland Responders' CPD day

- One day event designed for and specific to doctors, nurses and paramedics who are already BASICS Scotland responders
- Two one day events on 17th and 18th May 2017
- Located at Dr Gray's Hospital, Elgin
- Will use the Mobile Clinical Skills Unit
- Limited to 8 delegates per day to enable maximal hands on and small group discussions
- Simulation training with video augmented debriefs
- Human factors training with an external expert:
 - Angela Lewis is a former RN SeaKing commander and crew resource management instructor and now a full time human factors trainer
- Cost is £100
- Register interest: courses@basics-scotland.org.uk
